The First and Finest in Electric Boats Since 1970™

Scavenger Hunt Guidelines

Your Mission:

Answer as many questions correctly as possible within the 2-hour limit.

How do you get points?

There is a series of questions to complete. You will be required to write in your answers, and in some cases, provide "proof" of solving a clue. Answer and complete as many as possible to score points.

What kinds of questions are on the Hunt?

Since you're on the water, the theme of the scavenger hunt is based on Newport Harbor locations, history and trivia. *Staff members are under strict order not to divulge any answers!!! So please don't call our office when you are out on the boat asking for answers to questions, and yes they do call!*

How do you tally your results?

You will be given a question sheet on which you will write your answers, pencils and a map of the bay. Please note your team name or boat name on the answer sheet. Upon completion you will be given an answer sheet to check your parties question sheets. You can tally how many questions were answered correctly, or use a point system, whichever you prefer.

Suggestions for Success:

There are more clues than can be completed in this time frame. After receiving the clues, read them, map out as many as you can, and chart the fastest course to gather answers. Keep your eyes peeled along the way – you never know which answers you will be passing! Keep track of time – arriving at destination late will cost points (we suggest at least 5 points!). Some guests bring prizes to award to the teams after the event. They are very competitive and enjoy being rewarded! We do have some Duffy items (i.e.: t-shirts, hats etc.) here for purchase if you would like, or you can bring your own if you choose to award prizes.
